Clean and contemporary lines with the stately strength of old-world charm, a woodburning stove is a fantastic way to provide heating to your home space. The Timberwolf wood burning stoves are built to be convenient and uncomplicated when it comes to use. The T20 woodburning stove provides a long burn time - up to 8-hours - so keeping toasty overnight isn't a problem at all. And with an output of up to 65,000 BTUs, you'll always be warm. No electricity, no problem. A woodburning stove provides heat and light, no matter what. There's nothing like building a fire, real wood, the smell, the sound, the sight, however, it can also get a little untidy. A built-in, full-width ash lip ensures that your floors remain clean, while the easy-to-remove ash pan ensures that cleanup is a breeze.

Ash Disposal Kit (Optional)

Reduced Clearance Heat Shield (Optional)

Blower (Optional)

Easy To Open Door Handle

Air Shutter Control

Large Glass Viewing Area

T20 Wood Stove

The T20 woodburning stove is the smallest of the efficient woodburning stove lineup, offers the best woodburning technology and is EPA certified. A heavy-duty firebox top and full-width ash lip will protect your floor from debris, while a large ash pan with easy glide rollers ensures cleanup is effortless. Clean and contemporary lines allow this woodburning stove to blend into your current décor while remaining highly efficient.
