chloride

**Viscosity:**

Water thin

**Foam:**

Moderate

**Abrasives:**

None

**Solubility:**

Complete with water

**Dilution:**

2 - 8 oz./gal. (1:64 - 1:16)

**Detergency:**

Good

**Rinsability:**

Excellent

**Flash Point:**

None (waterbased)

**Biodegradability:**

Complete

**Storage/Stability:**

1 year

**Weight per Gallon:**

8.68 lbs./gal.

**Freeze / Thaw Stability:**

Keep from freezing

## DIRECTIONS:

Refer to original container label for complete use directions.

## DANGER.

KEEP OUT OF REACH OF CHILDREN. Corrosive. Causes irreversible eye damage and skin burns. Harmful if swallowed or absorbed through the skin. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield and rubber gloves and protective clothing when handling. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove contaminated clothing and wash clothing before reuse.

## FIRST AID

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

NOTE TO PHYSICIAN: Probable mucosal damage may contradict the use of gastric lavage.
